

Declaration of Compliance

Per- and Polyfluoroalkyl Substances (PFAS)

Modutech acknowledges the laws and regulations designed to protect public health and the environment, especially those addressing PFAS, which include, but are not limited to:

- EU POP Regulation (EU 2019/1021): Restricts PFOS, PFOA, their salts, and related compounds.
- EU REACH SVHC: PFOA is included on the declarable Substances of Very High Concern list.
- U.S. TSCA Section 8(a)(7): EPA's PFAS Reporting Rule (40 CFR § 711) requires reporting PFAS manufactured.
- California Proposition 65: PFOA and PFOS are listed as chemicals causing developmental toxicity; warning labels may be required under certain conditions.
- Other U.S. states: Colorado, New Hampshire, New York, Maine, Washington have PFAS restrictions.
- Canada: PFOA, LC-PFCA, and PFOS are restricted under the Prohibition of Certain Toxic Substances Regulations and listed on the Virtual Elimination List.

We simultaneously obtain declarations from our suppliers confirming their commitment and upstream due diligence. Based on supplier declarations and internal review, **no intentionally added PFAS are used in our products.**

Modutech is committed to providing safe products in accordance with governmental regulations and industry standards, supporting the protection of human health and the environment.

This declaration is provided in good faith and is based on information received from raw material suppliers, material safety data sheets, technical documentation, and internal quality assurance procedures available at the time of issuance. Modutech shall not be liable for indirect or consequential damages arising from the use of this declaration or the products supplied. The responsibility for determining the suitability of the products for a particular application remains with the customer.
