EU REACH Compliance

Modutech supports REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) and hereby declares complete conformance to the requirements of REACH regarding Substances of Very High Concern (SVHCs), the European Community regulation concerning chemicals and their safe use (EC 1907/2006), as amended.

Based on supplier declarations and internal review, Modutech products do not intentionally contain Substances of Very High Concern (SVHC) above 0.1% by weight according to the current Candidate List published by the European Chemicals Agency (ECHA). If any SVHC were to exceed the reporting threshold, customers will be informed in accordance with Article 33 of REACH.

When ECHA updates the published list of SVHCs, Modutech follows a process to update its systems and, where necessary, collect additional information from suppliers.

In accordance with ECHA guidance and consistent with industry practices, Modutech does not support analytical testing for SVHCs. SVHC information is based on the knowledge of materials used in the finished products and information provided by suppliers.

Modutech is committed to providing safe products in accordance with governmental regulations and industry standards, supporting the protection of human health and the environment.

This declaration is provided in good faith and reflects our current level of knowledge at the time of issuance. Modutech shall not be liable for indirect or consequential damages arising from the use of this declaration or the products supplied. The responsibility for determining the suitability of the products for a particular application remains with the customer.
